---

## **TERMS**

The prices in this list are for goods delivered at the purchaser's designated delivery point, all charges prepaid, except by special agreement, and any such agreement must be duly entered on the order.

25 % down payment on all orders; balance due on delivery. All stock to be delivered in a healthy and thrifty condition. Should any of the trees or plants received by you and paid for on delivery, that have been properly planted and received reasonable care, fail to grow, they will be replaced at one-half ( $\frac{1}{2}$ ) price, provided we are notified on or before August 1st after delivery.

## **CASH ON DELIVERY**

We Pack Carefully and agree to replace free any stock that fails to reach the customer in good condition if notified immediately on arrival of such stock. We further agree, should any tree or plant sold by us prove untrue to name, that we will replace same free of charge or return purchase price. It is mutually agreed between the purchaser and ourselves that we are not to be held liable for a greater sum than was originally paid for stock.

Freedom From Disease.—Our Nursery is inspected each year and we hold a certificate showing our stock to be free from injurious pests, a copy of the certificate accompanies each shipment.

## **Parcel Post, C.O.D.**

Many small orders can be sent direct in this way, if the purchaser so desires. Orders to be sent Parcel Post, C.O.D., must amount to at least \$2.00.

## ORNAMENTAL AND SHADE TREES

To avoid any misunderstanding regarding the sizes and grades of trees, we make the following explanation: The 6 to 8 foot grade takes in trees that are 6 feet and over up to 8 feet, but does not include the 8 foot trees. The 8 to 10 foot grade takes in those that are 8 feet and over and under 10 feet, but not the 10 ft; and so on through all grades. For example, should you wish a tree 8 feet high, you should order the 8 to 10 foot size. This also applies to trees sold by caliper. The size of trees sold by diameter (caliper) is measured six inches above the roots.

## ROSES

Our Roses are strong two-year plants, grown out-of-doors, well rooted, hardy, first-class, and are more valuable than plants sent out by many mail order houses, or sold by department stores at cheap prices.

### HYBRID TEAS

We are listing some of the better varieties of Hybrid Tea (Everblooming) Roses. You can expect a wealth of the bloom the first year; however, they need additional care and protection during the Winter, as they are not hardy without this protection.

Strong, Field-grown Plants, 2 Yr. No. 1

\$2.00 each; 3 for \$5.50; 12 for \$21.00

Betty Uprichard	K. A. Victoria (White)
(Salmon Pink)	Margaret McGredy

 Pink      Yellow      Purple      Red      White

## MIXED, NO COLOR SPECIFIED

Per 12 \$1.00; Per 25 \$1.50

# **MEMORANDUM**

Do not vary from the prices in this list and **sell only varieties that are listed.**

Be sure all orders are dated and always leave an **Exact Duplicate** of the order as sent to us with the purchaser. The order and duplicate must agree to be legal.

Have the purchaser place his name and Post Office address in the proper place and you re-write the name **very plainly** at the bottom of the order and also sign your name as salesman.

It is very important that the **place of delivery, post office, R. F. D. or street number** is plainly written. Mistakes in any of these items often cause delay and extra expense at time of delivery.

Work your territory thoroughly, making the delivery at one point as large as possible.

## Number of Trees or Plants to Set An Acre

The following table shows the number of trees or plants required to fill an acre of ground when planted at the given distances apart—in feet:

3x1 ½	9680
3 ½x2	6222
3x4	3630
3x5	2904
3x7	2074
4x2	5445
4x4	2722
4x5	2178
8x6	908
8x8	680
10x10	435
18x18	134
20x20	108
25x25	69
30x30	48

If this table does not give the distances you desire to plant, divide 43,560 the number of square feet in an acre, by the number of square feet each tree or plant will occupy.
